

flocknote

What is Flocknote?

Church of the Holy Spirit is adopting Flocknote as an additional new method for communicating with parishioners. Our goal is to reach more parishioners while also making it easier to get needed information to the Parish community. This email/messaging tool is provided by a service called Flocknote. All fees to use this service are paid for by the Diocese of Lincoln.

The Flocknote service is totally free for registered parishioners. All registered parishioners will be invited to sign-up to receive text or email messages from the church. Parishioners do not have to download anything or create a password to receive these communications. In addition, our parishioners' personal contact information will be kept safe and private.

With Flocknote, parishioners get to choose the specific church groups and ministries they would like to receive communication from. In addition to these groups and ministries, the church office will also use Flocknote, from time to time, to send general communications to parishioners..

The type of message a parishioner receives (either email or text) will be determined by their personal notification/delivery settings. These settings can vary by the groups the member is a part of. Members can also reply directly to messages, offering feedback or comments. efficient manner.

At any time a parishioner can update their contact information, change their communication preferences or unsubscribe to the service.
